

Livestock Exhibitor Camping

It's hard to believe that fair time is upon us again. We have 32 electric hookups and the fees have increased to \$50 per unit. Hookups will be awarded on a first come basis. I will consider request on first come basis as well. The layout will be the same as last year and will be clearly marked after 5:00 pm on Saturday, July 21st. You are welcome to park any time after 5:00 pm. Electric will be available after 4:00 pm on Tuesday July 24th. All units are required to be removed no later than 10:00 am on Sunday July 29th. If it is not possible to leave the grounds, please pull units on Red Oak above the camping area. Each reservation will be issued two (2) parking passes. Weather permitting, livestock trailer parking is available between the cattle barns and ball field area. Additional parking will be available in the camping area if possible.

When requesting camping spots, please include the unit owner's name and contact information. My contact info is listed below and welcome your input in order to make this an enjoyable fair experience.

Thanking you in advance,

Nancy Stephan
