

Replacement Heifer Show & Sale

- Replacement heifers will be shown and sold on a trial basis for the 2023 fair.
- Replacement exhibitors must be 4-H or FFA members within Gasconade County and at least 8 years old as of January 1st of the current year.
- Exhibitors can register two replacement heifers, but only show and sell one.
- Replacement heifers must be born between January 1st and December 31st of 2022.
- Replacement heifers will be shown by birth date.
- No horns or scurs allowed. Must be polled or dehorned and completely healed prior to the fair.
- Must be vaccinated for IBR, BVD, PI3, BRSV, Lepto(5-Way) Vibriosis, 7-Way Clostridia, and BVD-PI test must be negative.

- Must be treated for internal and external parasites within 30 days of the fair.
- Must present a health paper from a veterinarian with information regarding health status, required vaccinations, and parasite control, along with pregnancy status, pelvic measurements, and reproductive tract score if over 1 year of age by the Fair.
- Entry forms are required for replacement heifers and are due July 1st. Must include date of birth, and breed information to be included in the sale booklet.
- Exhibitors can show market animals of other species as well, they will be allowed to sell one market animal and one replacement heifer. If the exhibitor chooses to sell both a market animal and a replacement heifer then the exhibitor will collect all of the proceeds of their market animal along with 80% of the replacement heifer proceeds and 20% of the

proceeds will go back to the livestock committee for improvements.

- Replacement heifers will sell last in the livestock sale auction. Sale order will be determined by class placing.
