13. The maximum speed will be recorded by the pulling sled. If the maximum speed exceeded during the pull, a horn will sound from the sled. 18. First puller of each class has the option of repulling. If repulling, contestant must tell judges before unhooking from the sled. Last pull is measured. If sled is not readjusted before the fourth tractor pulls in each class, class will be official.
19. **Tractors will be weighed immediately before pulling.**
20. Caution should be exercised at all times. Failure to comply with safety procedures may result in disqualification.
21. All disabled tractors must be removed from the track prior to the next tractor pulling. The committee will use whatever means deemed necessary to remove the tractor.
22. Protests can only be made by a contestant in the same weight class. All protests must be made before the next class starts or 5 minutes after the last tractor in the last class is finished. Pull is official unless the tractor is checked and found to be out of compliance. The driver that makes the protest will be checked for the same infraction.
23. Tractor driver and one other person will not have to pay entry onto fairgrounds as long as they accompany the tractor.
24. The Tractor Pulling Committee will have final decision on all questions, disputes, hardship cases, etc. that may develop.
